

Experienced advisers,

MIPA needs your help

MIPA has a mentorship program for new advisers. If you've advised successfully for a while, consider lending your help to those who could benefit from it and become a MIPA mentor.

As a mentor, your job would be to answer questions from your mentee in a timely, professional fashion, as well as lend a sympathetic ear when needed. You would also be asked to make contact with your mentee at least once per quarter during the school year to offer your support and encouragement.

We think this program helps create stronger advisers and journalism programs in the state. If you'd like to be a MIPA mentor, please fill out the information below and mail it to the MIPA office at 305 Communication Arts and Sciences Building, Michigan State University, East Lansing, MI 48824-1212 or fax to MIPA at 517-355-7710.

Name _____

School name _____
